

## **Richard W. Kimball**

Richard (Dick) Kimball is an associate of Provil & Associates and President of RWK Associates. Mr. Kimball possesses over 50 years of practical, professional experience in General Management, Project Management, Contract Management and Procurement Management with Westinghouse Electric Corporation (retired) and Contraves Inc. (retired). His business experience encompasses all phases of contracts and procurement in a project environment, including significant International and U.S. Government involvement.

During his time at Westinghouse at different times he was involved in nuclear power, power generation and distribution systems, industrial, construction and defense projects. At Contraves Inc., he was involved in small optics, large optics and defense projects.

Dick has also been a member of the Project Management Institute (PMI) since 1982 and is very knowledgeable of the PMP certification process. He was twice President of the Pittsburgh Chapter of PMI. He was on the PMI Publications Advisory Board for nine years including 3 years as its Chairman. For the past 10 years Dick has also been Executive Director of the Pittsburgh PMI Chapter.

He is listed in "Who's Who in Project Management" and was recipient of the PMI Distinguished Contribution Award in 1991. He has also twice received the PMI Pittsburgh Chapter's Award for Outstanding Contribution. As part of PMI's Defense SIG (Specific Interest Group) Mr. Kimball was on the original committee that conceived and developed the Government Extension to the PMBOK.
